

California Chic Classic

Maximum Heat Entry Grid

This year we are expecting many professional dancers and their amateur students joining us to celebrate with a start of the new year and a passion to ballroom dancing. In order to provide you with the best possible service and experience while you are attending Cal Chic Classic we devised an outline of the total amount of heats available to make the day enjoyable and run as smooth as possible.

Notes for the grid:

Column "A" is the total number of heats available for each dance entry that a teacher may enter.
Column "B" is the total number of heats you are dancing with your students
